### Showcase Log Home Tours Benefit AFCH

04/24/2006

For the \$5 price of admission, you can take a tour of a gorgeous \$1.2 million, four-bedroom, five-bath Golden Eagle log home nestled along tranquil Lake Petenwell near Necedah, Wis.

And while you daydream about owning this 5,572-square-foot showcase home, you can help make another big dream come true - proceeds from tours and VIP parties at the log home will benefit the new American Family Children's Hospital.

Under construction next to UW Hospital and Clinics, the new \$78 million children's hospital will be a world-class pediatric health care facility dedicated solely to the care and treatment of children and their families.

Hoping to help fulfill the dream for the new children's hospital, Golden Eagle Log Homes owners Jay and Tod Parmeter are opening their showcase log home to visitors throughout April and May.

"The bottom line is, everyone wants to help kids, and we thought this would be a good thing," says Jay Parmeter, president and co-owner of Golden Eagle Log Homes in Wisconsin Rapids.

VIP events on April 28 and May 12 will feature an evening of live entertainment, raffles, hors d'oeuvres, spirits and non-alcoholic beverages. Admission is \$75 per person, with all proceeds benefiting the children's hospital. You must be 21 years old to attend, and semi-formal dress is requested. To attend, please RSVP to Teresa Zbleski at 800-270-5025, or e-mail [teresa@goldeneagleloghomes.com](mailto:teresa@goldeneagleloghomes.com).

Several open houses through May 21 will also offer an opportunity to tour the home, featured in "Country's Best Log Homes" magazine, and online at [www.showcaseloghome.com](http://www.showcaseloghome.com). A \$5 admission price will be collected at the door, and children under 12 will be admitted free with an adult.

All open house events will be held from 10am-4pm:

With magnificent hand-carvings, a home theater room and a wine room, the fully decorated log home got plenty of attention to detail during the 10-month construction period, Parmeter says. Located on a peaceful, lightly-wooded stretch of Lake Petenwell, the home also offers a quiet getaway.

"I walked out there one day when they were working on it, and when I walked into the great room and there was a mist off the lake that day, it was just a fantastic sight to see," Parmeter says. "There's so much glass and so many windows in the house - it's beautiful."
